The foundation stone of Sheth Nahalchand Laloochand High School, the first Institution under MKES was laid on January 18, 1942. The aim of providing higher education led the MKES to initiate Degree and Junior Colleges in July, 1983. The College, then known as MKES College, enrolled 330 students in its year of inception. The Degree College was rechristened as Nagindas Khandwala College in 1988 in the name of its renowned patron. The Junior College is known as The Bombay Suburban Grain Dealers' Junior College of Commerce, Arts & Science. The Science wing, started in 2003 is called Shantaben Nagindas Khandwala College of Science.

During this period, the Society's commitment and profile have expanded to include many courses, aided and unaided and sponsored under the auspices of prestigious recognised Institutions. The campus is rightly named '**Bhavishya Bharat**' in keeping with the Management's Vision.

To stay in tune with the objectives of the University and to provide specialization in the non-traditional subjects, we have opted to conduct the following unaided courses in our College:-

2. Bachelor of Commerce (Banking and Insurance) [B.Com (B & I)]
3. Bachelor of Commerce (Accounting and Finance) [B.Com (A & F)]

5. Bachelor of Mass Media (BMM).
6. Bachelor of Science in Information Technology (B.Sc. IT).

In 2002, the College voluntarily opted for assessment, scrutiny and evaluation by the National Assessment and Accreditation Council (NAAC). The College was given the highest rating of Five Stars making it the only college in the western suburbs to have got this rating. In 2008, the College went for re-assessment and yet again, NAAC re-accredited the College with the highest rating of 'A' Grade. In 2013 we were re-accredited in 3rd cycle with "A" Grade (CGPA 3.32)

In 2014, the college introduced a new dynamic three year degree course (approved by the University Grants Commission), called Bachelor of Vocational Studies (B. Voc) in Retail Management/Tourism and Hospitality Management. Please turn to Back Inside Cover for details.

This academic year, the College, in collaboration with ACCA (the Association of Chartered Certified Accountants) introduces an exciting programme for students interested in accountancy, finance and management. Please turn to Back Inside Cover for details.

EXTRA CURRICULAR ACTIVITIES (E.C.A.)

We at B.S.G.D Junior College believe in promoting the overall personality of every student. We offer the students a fairly extensive range of E.C.A. These activities are conducted by the following associations under the direct supervision and control of the Vice Principal of the Junior college.

Students' Council (S.C)

An important association of the college, is managed by the S.C. Incharge and assisted by S.C. Members from all classes of F.Y.J.C. and S.Y.J.C. This association organizes various entertaining programmes, which are competitive as well as non-competitive in nature and are spread throughout the year. It motivates students to participate in various events, Days and intercollegiate cultural competitions.

English Literary Club

It organizes competitions, writing of short stories, poems, etc. and other games based on English Language and Literature and General Knowledge. The aim of such competitions is to develop the communication and debating skills of students.

Hindi Sahitya Parishad

The programme and competitions conducted by it includes essay competitions, elocution and debates.

Gujarati Sahitya Sabha

The programmes and competitions conducted by the Gujarati Department are on similar lines as that of English and Hindi departments. This association also has a unique feature of organizing competitions in vocal music, which is very popular among students.

Marathi Wangmaya Mandal

The Marathi Department organizes and conducts various programmes. Apart from Essay-writing, debates and elocution competitions, this association also organizes Magic Shows, small plays and such other programmes by inviting dignitaries from the Marathi Natya Jagat.

Commerce Association

Different activities, programmes, lectures, and competitions are organized by this Association, to develop various skills and commercial awareness in the students.

Mathematics Association

It conducts competitions and quiz programmes based on Mathematics to improve analytical and quantitative skills of students.

Geography Association

This association organizes Educational field tours to different places of geographical importance, in and around Maharashtra. It also conducts geographical exhibitions.

Gymkhana

This association aims at encouraging students to participate in both indoor and outdoor games and enhancing their skills thereof. It conducts various tournaments, organizes the Annual Athletic Meet in the College and sends students to represent the college at various intercollegiate competitions. Our college also conducts various intercollegiate tournaments to encourage students.

Book Bank Facility

This facility has been extended under students' aid fund with an objective to provide books to the economically and socially backward students. Books are issued to the students only after verifying their need, by conducting an interview of the applicants.

N.S.S.

The NSS unit in the college enrolls students as per NSS guidelines and directions of the Maharashtra State Board of Higher Secondary Education. The Unit gives an opportunity to students to develop organizational skills and leadership qualities and a sense of social consciousness. Various projects are undertaken by these volunteers. Camps to nearby places are also arranged for them during the academic year.

Guidance and Counseling Cell

This cell helps students identify, understand their personal and psychological problems and guides them to find solutions. Any student from Arts, Commerce and Science faculty can avail of this service provided by qualified personnel. With its help, students also learn to identify their own potentials and needs and set goals to achieve self-actualization and better adjustment in today's competitive world.

The Cell is run with the help of a qualified counselor.

Tutor System

We, in our institution, have a unique system known as the Tutor – System. In this System a class consisting of 120 students are divided into 3 batches of approximately 40 students each.

Each batch of 40 students is in charge of a Teacher who teaches in that particular division known as the Tutor. We have this system both in F.Y.J.C and S.Y.J.C Class. Thus a Tutor will be in charge of 40 students from F.Y.J.C. and 40 students from S.Y.J.C. The Tutors maintain the personal data of the Students.

Parent-Tutor meetings are held regularly. Performance in the Examination or Test and General behavior of the student are also discussed in this meeting. Feedback forms are provided in which Parents can write about the problems faced by the student and give their suggestions for improvement. The Tentative dates of the Tutor-Meetings for the academic year are given in the Academic calendar provided to the students in the month of July. Parents are also encouraged to meet the tutors as and when they feel like.

The Attendance of the Students are prepared every month and the parents of the defaulters i.e., (Students having less than 75%) are informed through students. The Parents come and meet the concerned Tutors and thus they become aware of the regularity of their wards in the

college.

This system has been a success and parents appreciate this system.

The College Magazine: 'Sankalp'

The college magazine 'Sankalp' is published annually. Contributions in the form of essays, short stories, poems, articles, riddles, sketches, cartoons, jokes, etc. are invited from the students as well as teachers.
