(from Lucknow Railway Station, Charbagh)

## **Chairman's Message**

Education is the edifice on which the pillars of civilized & developed society are rested. The empowerment of human mind and skill development can be best attained through the process of linear education system. The process of nation building & imbibing the human values will remain deficient till we are able to produce a host of committed teachers through whom, the process of transformation of human mind is accomplished.

The creation of MCSGOC is a mission conceived and undertaken by a visionary scientist to develop a host of institutions in various fields to impart quality education and skill empowerment service. MCSCOE occupies a distinct place & provides a unique opportunity in developing sound teachers who are well exposed to the multi-disciplinary fields of higher education including technical education and are capable to deliver the goods as per the need of the society. MCSCOE has a vision to accomplish in the years to come and the institution shall be able to fill the void in developing state-of-the-art institution in the region.

**Prof. (Dr.) M. C. Saxena**  
Founder

## **Chief Executive Director's Message**

The journey began in 2009 with the vision to pursue global standards of excellence in our teaching endeavors and to remain focus on this course segment through the process of self-evaluation and continuous improvement.

Today we are a group of 4 colleges with over 30 acres of lush green campus and more than 6 lacs sqft. of infrastructure, incorporating appropriately stocked learning resources to provide ample opportunities to students to outshine in various fields with an ultimate aim of building an educated India. We would like to continue our focus on academic ambience and knowledge centric learning through course implementation by most reputed faculties, nourishing our students to globally competitive human resource.

**Prof. (Dr.) L. Shekhar**

## **Executive Director's Message**

Education is the backbone of a country on which prosperity, economy, security and overall growth is depending. The charm of education is galored when practice teaching is assigned. The swift changes in the society toward the adoption of new educational approaches vis-a-vis support driven services have occupied the spaces lying vacant for ages. The human resource of India can bring wonders to the nation if the students we create are educationally strong to meet the global standards.

We at MCSCOE have seriously attempted to contemplate incredible infrastructure to provide the innovative exposure in the educational field through innovative ideas, ICT tools and psychological analysis. The impact of these value addition carried out our motto beyond the University syllabus. It is obvious that B.Ed. graduates do not find difficulty in getting placed in the society off course with limited choice. At a time when placement scenario of B.Ed. colleges is not very bright, this is not true with MCSCOE alumni. Some of our students have emerged as Edupreneurs. MCSCOE shall continue to strive hard to sustain its leadership in the B.Ed. course in Uttar Pradesh. I am firm believer that original thinking cannot be the monopoly of Education system. Each department has been galvanized to have atleast one virtual lab to provide the desired exposure to our students and helping in shaping their career in the best possible educational environment.

**Mrs. Smita Saxena**

## **Principal's Message**

“Education is the ability to listen to almost anything without losing your temper or your Self-confidence.”

The college will contact all the good schools of the city for B.Ed. programs and practical training of all the B.Ed. pupil teachers will be conducted regularly in the government schools. Our college regularly organized debate, quiz, cultural activities and co-curricular activities. Psychology practical, action research is more important part in this course. The philosophy that the aims of teacher education, curriculum, teaching methods, discipline are given in definite form. The college has a well maintained library over 4900 volumes that includes encyclopedia & journals. The overall responsibility of accomplishing the academic task assigned through the University & NCTE is fully discharged at MCSCOE and it is moving from strength to strength.

**Dr. Sanjay Singh**

## Our Society

The society for the Advancement of Environmental Sciences, Lucknow was established in 1986 as Non-profit body to undertake programmes and project in various fields to contribute to the might and growth of the society. The creation of the society with the meager resource and handful of scientist and other technocrats offer valuable services to various ministry and departments of the Government of India and State Government. A distinguished scientist Dr. M. C. Saxena is the founder of the society. The society now runs 4 professional courses: *Education, Engineering, Pharmacy and Management studies*. Group consist of following colleges:

### **1. DR. M. C. SAXENA COLLEGE OF EDUCATION:**

Dr. M. C. Saxena College of Education is established by the Society for the Advancement of Environmental Sciences in the year 2010. The Dr. M. C. Saxena College of Education is approved by NCTE, New Delhi and is affiliated to Lucknow University. The college commenced from the academic year 2010-2011, The impressive infrastructure of Dr. M. C. Saxena College of Education is matched with logistic shall bring laurels to the group not only in the region but also in the country.

College will be conducting Lesson plan, Teaching programme for the B.Ed. students so that they get a good exposure of teaching. The management will contact all the good schools of the city for these teaching programmes and practical training of all the students will be conducted regularly in these schools.

The college has well maintained library, fully equipped Science Lab, ET lab, Language lab, Computer Lab and Psychology lab. The Psychology is the one of the key elements of the teacher's training. The lab provides first hand experiences of Psychology testing, Fundamental experiments, Guidance & Counseling. Such skills are required for the teacher's training to make instruction meaningful.

## **2. DR. M. C. SAXENA COLLEGE OF ENGINEERING & TECHNOLOGY:**

MCSCET is established by the society for the Advancement of Environmental Sciences, Lucknow in the year 2004. The college had lush green campus with VRV air conditioned classrooms, spacious laboratories, separate hostels for boys and girls. MCSCET is the prestigious organization as a part of industrial institution. Students are exposed to the actual work environment of various industries. Hands on training is offered to the students both on the conventional as well as in advance techniques. Industrial visits are made by the students to understand the ongoing industrial environment.

### **Courses offered:**

1. Electronics & Communication Engineering
2. Mechanical Engineering
3. Computer Sciences and Engineering
4. Information Technology
5. Management Studies

### **3. DR. M. C. SAXENA COLLEGE OF PHARMACY:**

MCSCOP is established by the society for the Advancement of Environmental Sciences of India which has been recognized by AICTE (All India Council of Technical Education) and is affiliated to GBTU (Uttar Pradesh Technical University), Lucknow Academic session 2007-08 onwards. The instituting has equipment such as HPCL, GLC and AAS etc. required in advance training in B.Pharma and M.Pharma.

### **4. DR. M. C. SAXENA INSTITUTE OF ENGINEERING & MANAGEMENT:**

MCSIEM is established by the Society for the Advancement of Environmental Sciences in the year 2009 and known for the Quality education. They impart skills with their stringent levels of discipline. We have consistently out shown all our peers, not only in academics but in Co-curricular activities as well. The institute is equipped with Hi-tech laboratories which will help students to understand application of theory that has studied in practice by performing experiments and verifying results.

#### **Courses offered:**

1. Computer science and Engineering
2. Mechanical Engineering
3. Civil Engineering
4. Electronics and Communication

Dr. M. C. Saxena Group Of Colleges is the prestigious institute that delivers true value of education by creating global options with local actions. All the colleges of DR. M. C. SAXENA GROUP OF COLLEGES have well equipped libraries, information resource centre equipped with Internet facility (wifi connectivity). The objective of the society for the Advancement of Environmental Sciences, Lucknow is to create honest, hardworking and humane professionals which will outshine in the society.

This is the dream of one man Dr. M. C. Saxena. The dream of an India where urban and rural illiteracy is totally eradicated. This challenge is taken up by providing education at all levels and various community outreach programmes so that the right of every individual to be educated will be realized in this country.

**“An education is not how much you have committed to memory; or even how much you know. It is being able to differentiate between what you do know what you don’t”**

**“Anatole France”**

---

## **Executive Summary**

The journey began in 2004 with a vision to pursue global standards of excellence in all our endeavors namely teaching, research and education and to remain focused in the core segment, through process of self evaluation and continuous improvement.

Today we are a group of 4 colleges imparting education in Engineering, Pharmacy, Management and Teacher-education. We are spread over 30 acres of lush green campus and more than 6,00,000 sqft. of infrastructure incorporating appropriately stocked learning resources to provide ample opportunities to students to outshine in various fields.

We would like to continue our focus on academic ambience and knowledge-centric learning.

The college of education was started in 2010. The basic reason for the origin of our college of B.Ed. was to produce quality teachers to serve in our clusters of schools who care for teachers with multi dimensional skills. We aim at producing more number of first class academically and not secondary to produce able teacher with skill to educate even the dropouts.

Dr. M.C. Saxena Group of Colleges selects the best from the conglomerate to head the institution for upholding the standards, values and services. The Principal of the college is a visionary, legendary, doctorate in education, who earned his degree in the year 2004 and has a total experience of 16 years in

the field education at UG and PG level. He has also qualified the National Eligibility Test (NET) (organized by UGC) in Education in the year 1999. He has received an award for *Academic Achievements* in the year 2003-04 by IGPG college, Amethi. The Principal has published various research papers in National / International journals and has presented many papers in National and International seminars / conferences. He offers guidance, excellence and is vigilant on quality control through various activities. Some of the programmes initiated by him in our college are:

1. Model Presentation Workshop.
2. Talent Hunt Event (which is in the beginning of the academic session so that the institution can motivate students about the best inbuilt part of their personality).

# CRITERIA – I

## CURRICULAR ASPECTS

*“The curriculum development process  
should reflect  
need-analysis and ideologies  
about teaching and learning”.*

# CRITERIA – II

## TEACHING-LEARNING & EVALUATION

*“Evaluation is a natural thing to do.  
In all human activities we like to know  
how well we are doing and constantly  
seek feedback to help us judge our performance.”.*

# CRITERIA – III

## RESEARCH, CONSULTANCY & EXTENSION

*“Research comprises creative work undertaken on  
A systematic basis in order to increase the  
stock of knowledge including knowledge of man,  
culture and society and the use of stock of  
knowledge to device new applications. ”*

# CRITERIA – IV

## INFRASTRUCTURE AND LEARNING RESOURCES

*“At a time we got very near to our dreams when  
we chose right resources with devoted and  
right efforts.”*

# CRITERIA – V

## STUDENT SUPPORT AND PROGRESSION

*“Today's students have grown up in an all-digital world. Our goal is to provide both i. e. infrastructure and the support to our students that makes it possible to use technology in innovative ways throughout all aspects of life.”*

# CRITERIA – VI

## GOVERNANCE & LEADERSHIP

*“Effective and efficient leadership,  
Governance and Management are central to  
the development and sustainability of  
teacher-education.”*

# CRITERIA – VII

## INNOVATIVE PRACTICE

*“Innovative teaching practices are characterized by student centric pedagogy, learning opportunity that transcend the college walls and the integration of information and communication technology (ICT) into teaching-learning.”*
