Respected Sir,

Sub: Submission of proposal for College with Potential of Excellence – under XII Plan – approval and sanction – requested –reg.

Ref: 1. UGC Letter to the Vice-Chancellors of all the Universities D.O.No.F.12-1/2010(PE) dated January 16, 2015.

2. Madurai Kamaraj University communication dated January 27, 2015.

Greetings from Arul Anandar College.

With reference to the above, I am very much pleased to submit three copies of the proposal for "College with Potential for Excellence" under the XII Plan UGC Scheme.

Our college caters to the higher educational needs of the first generation graduates who hail from socially and economically marginalized communities. Educational intervention through our college has made significant social impacts in reducing the issue of female infanticide over the years and facilitated greater mobility of female members towards higher education. At this juncture, we acknowledge the consistent support of UGC in our social and educational mission in this backward region and we also look forward the continued support of UGC.

While presenting this proposal, I earnestly appeal to consider favourably so as to continue the mission of social transformation through higher education.

Thanking you.

Yours sincerely,

A INTRODUCTION

Arul **A**nandar **C**ollege, located in a serene rural hinterland in the Usilampatti Taluk of Madurai District in the State of Tamil Nadu, is the pioneer in the field of higher education for the first generation graduates who hail from the poor and the most disadvantaged sections in its neighbourhood villages. Founded in 1970, it is a religious minority institution administered by the Jesuits who are well known for their educational services world over.

Affiliated to Madurai Kamaraj University, it was one of the young colleges in Tamil Nadu to become autonomous in 1987. In recognition of its student-cum-community-centered innovative academic and extension programmes it was accredited with the most coveted Five Star Status by NAAC in 2001 and the consistent track record was further proved when it was reaccredited with 'A' Grade with a CGPA of 3.52 in 2008. Quality enhancement and sustenance being the hallmark of this institution is further proved during the third cycle of reaccreditation by NAAC in February 2014 at 'A' Grade with an upgraded CGPA of 3.66.

Holistic development of rural communities through socially relevant, technologically updated rural higher education is the perceptible essence of its social mission. Accordingly the college has shaped its pedagogic process sensing the specific development needs of the youth in the contemporary global scenario. This is explicit from the vertical growth of departments from undergraduate levels to postgraduate and further to the status of approved research centres. Horizontally, from the conventional aided programmes the college added skill-oriented market-based self-supporting courses.

Organic linkage between the institution and the people of the rural neighbourhood is promoted by offering a unique academic discipline called Rural Development Science since 1973. Being the flagship department of this institution it produces development personnel who play a catalytic role in rural social transformation. Upward progression in academic process is ensured by introducing postgraduate and doctoral level programmes in specific disciplines. The postgraduate departments of Economics, Rural Development Science and Physics have been recognized by Madurai Kamaraj University as approved research centres leading to Ph.D degrees.

Conscious of its mission the college became co-educational in 2001 so as to promote gender equity in the socio-cultural system which is known for the heinous practice of female infanticide. Besides, the courses on Personality Development, Life issues and Coping Skills, Social Analysis, are aimed at building a value based social fabric along with individual personality development. Supplementing the career aspirations of the rural youth is realized through offering wide-range of career oriented add-on courses. Fast learning students are encouraged to take up self-learning courses that add not only the credit achievement but also expands their knowledge horizon. In order to mitigate the learning barrier due to low level of language efficiency in English, the college has introduced a one semester Bridge Course with due credit allocation.

All the science departments have well equipped laboratories with state-of-the-art technologies. The college, as part of the regular curriculum, has made the computer education compulsory for all the undergraduate students with the aim of increasing the productive efficiency of students in consonant with the contemporary knowledge society and market economy. Learning is further facilitated through a well-equipped library with over 55,000 volumes of books, national and international journals, and e-learning materials. Online Public Access Catalogue (OPAC), user friendly e-entry system, bar coded and fully automated computerized library transactions with instant reprographic facilities are the significant features of the library as the learning resource.

Consistent development in every sphere of academic quality is ensured by a vibrant and functional Internal Quality Assurance Cell. Sustained quality is perceptible from the tangible research and publication output by the well qualified and experienced faculty in all disciplines.

Extension is the lifeline and the corollary to the preceding components such as education and research. The professional veterinary services through the department of Rural Development Science has ensured higher milk yield and added family income to a significant number of families. Besides, the Vaigai Vivasaigal Nala Sangam (Vaigai Farmers Welfare Association) – a network of 500 farmers promoted by the Aruppe Centre for Policy Research attached to the department of Rural Development Science has helped the farmers obtain knowledge and skills in modern methods of cultivation through horizontal learning process. The college through the development arms like ARISE, RADAR, CCRG, NSS, NCC, YRC, etc., promotes knowledge and capital resources of the families and thereby creates opportunities for livelihood promotion.

Taking cognizance of the emerging environmental concerns and adhering to the UGC directives the college has incorporated environmental studies as an essential component of the curriculum. Besides, environmentally sustainable models such as Solar-Wind Hybrid Energy and Bio-gas from human waste have been established on the campus.

Infrastructure facilities such as exclusive in-campus hostel facilities for boys and girls, computer centre with high speed internet facilities, audio-visual laboratories, language laboratory, smart class room, agricultural farms for field research, placement cell, etc. add value to the existing academic ventures. Arul Anandar College is ever sensitive to the changing needs of the youth and of the community around and responds positively to the emerging needs. Holistic development of villages and the integrated national development is the heart-throb of every aspect of its academic mission.

ANNEXURE - II

ACTION PLAN AND BUDGET

1	**Name & Address of the College**	**Arul Anandar College (Autonomous)** **Karumathur – 625514** **Madurai District** **Tamil Nadu**
2	**Proposed Activities**	List of Titles of Each Activity in order of priority
	(a) Teaching (UG):	• Enhancing **ICT infrastructure** for effective teaching learning process (Highly Rated Departments) • Upgrading the Science Laboratories and Establishment of **MAT Lab, Field Experiment Units** of the Research Department of Rural Development Science (Highly Rated Departments) • Establishing **Smart Class Rooms** for interactive teaching learning (Highly Rated Departments) • **Soft-Skill Development Programmes** to facilitate vertical mobility of students in academic and employment pursuits
	(b) Teaching (PG):	• Upgradation of PG Laboratories • **Linkage** with off-campus institutions for promoting **experiential learning and enhancing collaborative teaching-learning process** through faculty exchange. • **On-Campus Faculty Development Programme** on Emerging Trends in Higher Education Pedagogy • Books and Journals

	(c) Research:	• Establishment of a **Common Instrumentation Centre** to promote research with resource efficiency • Research **collaboration with National Level Research Laboratories** • Establishment of **Humanities Research Laboratory** • **E-Journals and Soft-wares** to enhance research ambience • Conducting **Research Oriented Training** to promote research aptitude among staff and students
	(d) Extension:	• **Networking** with **Rural Schools and NGOs** through **mobile laboratory and e-learning** systems • Transfer of knowledge from the **Lab to the Land** for enhancing rural entrepreneurship and livelihood promotion • Establishment of **Farmers Training Centre** • Awareness **campaigns** to control and prevent **female infanticide and feticide** in Usilampatti Taluk
	(e) Any other:	• **Green Energy Campus** by installing Solar Panels • **Waste Management** and Green Eco-practices • **Introducing RFID Technology** (Radio Frequency Identification Technology) in the library • Establishing **Content Management System in Library** to improve learning efficiency among rural students

3	**Proposed Utilization of Grants**	**Non-Recurring Grant (Rupees in Lakhs) Details given in Annexure B1**	**Recurring Grant (Rupees in Lakhs) Details given in Annexure B2.**
	a) Teaching Facilities (UG):	30,00,000	20,00,000
	b) Teaching Facilities (PG):	20,00,000	10,00,000
	c) Research Facilities:	20,00,000	15,00,000
	d) Extension Activities	10,00,000	10,00,000
	e) Any Other Activities	10,00,000	5,00,000
	Total: (Rupees in Lakhs)	**90,00,000**	**60,00,000**

4	Expected Outcome/Output	Annual (List titles only with details given in Annexure C1)	At the End of Five Years (List titles only with details given in Annexure C2)
	a) Teaching/Evaluation (UG):	**YEAR 1** • Increased internet bandwidth • Establishment of Smart Class Rooms **YEAR 2** • Regular use of Smart Class Rooms for interactive learning • Increased use of ICT based e-learning materials	Fresh learning ambience on the campus and self-directed learning among the rural students focusing towards vertical mobility

		YEAR 3 • Special soft skill development programmes help students vertical mobility **YEAR 4** • Students involve in field experimental units especially in the Department of Rural Development Science • Students get hands-on learning experience from MAT Lab. **YEAR 5** • Students prepare learning materials with the professional assistance of the teaching faculty	
	b) Teaching/Evaluation (PG):	**YEAR 1** • Promoting collaborative teaching-learning with industries/institutions **YEAR 2** • Organising industry linked internship programmes	Increased access to off-campus institutions through mutual collaborations for research, publication and placements.

		• Project based experiential learning **YEAR 3** • Organising Faculty recharge programmes **YEAR 4** • Enhanced spirit of self-learning and research publications by students **YEAR 5** • Increased access to national and international level books/e-books and journals/e-journals.	
	c) Research:	**YEAR 1** • Establishing Common Instrumental Center • Preparation for Humanities Research Lab • Subscription for e-journals to promote research **YEAR 2** • Establishing contact with national level research laboratories	Optimum utility of research infrastructure and increased research output in terms of collaborations, paper presentations, paper publications, books publications, etc.

		YEAR 3 • Staff and students get exposed to different soft-wares relating to their field of study **YEAR 4** • Organising motivation programmes and trainings to promote research **YEAR 5** • Enhanced research output such as research projects, research publications, etc.	
	d) Extension:	**YEAR 1** • Equipping mobile learning resources **YEAR 2** • Preparation of e-learning systems in collaboration with neighbouring schools **YEAR 3** • Exposing farmers are to new models of cultivation and they become trained entrepreneurs.	The college becomes an instrument of social change in the neighbouring village communities through school networking and rural livelihood promotion

		YEAR 4 • The women of this region understand the evils of female infanticide and become promoters of gender equity. **YEAR 5** • Farmers Service centre will become operational	
	e) Any other:	**YEAR 1** • Library is equipped with RFID Technology **YEAR 2** • Solar power panels are installed at strategic points **YEAR 3** • Science Departments develop innovative waste management systems **YEAR 4** • Stakeholders involvement in promoting Green Campus **YEAR 5** • Environment consciousness is percolated in the neighbourhood villages.	Students and other stakeholders are conscientized towards creating a green environment in their surroundings.

ANNEXURE – C1

ANNUAL EXPECTED OUTCOME / OUTPUT

a) Teaching / Evaluation (UG):	
YEAR 1	• The college being located in a remote rural area the internet connectivity through the available transit speed is quite inadequate to meet the learning needs of the students. Hence, it is planned to upgrade the internet bandwidth to higher level through increased subscription to BSNL to help the teaching-learning and administrative process. • The option for the new generation graduates is on science subjects in this region, particularly Mathematics. The establishment of MAT Lab will help them learn the subject and become competitors in the employment market.
YEAR 2	• The Department of Rural Development Science is a unique programme from UG to PG and Research Levels. As a multi-disciplinary department, it needs to upgrade the field experimental units for training the students. Hence, it is planned to remodel the Agro-Farm, establish Poultry and Turkey units, Dairy Unit and Aqua Culture units. This will promote self-employment avenues for the students.
YEAR 3	• The students are to be trained in the interactive mode of teaching-learning process. This could be effectively

	done by establishing Smart Class Rooms. The best performing departments will be provided with a Smart Class Room with sufficiently equipped accessories. • One of the important aspects in learning outcome will be, the slow learners from the rural schools will make use of the interactive learning environment and their learning efficiency will be enhanced
b) Teaching / Evaluation (PG):	
YEAR 1	• Best performing departments will establish contact with academic and research institutions at national and international levels • The collaborative programmes will be programmed with the support of Memorandum of Understanding between institutions and industries.
YEAR 2	• Teaching-learning process will be remodeled by incorporating faculty exchange programmes • Students get more exposure programmes with opportunities for internship and research projects
YEAR 3	• The college organizes relevant faculty recharge programmes on emerging trends in higher education pedagogy. • The current knowledge on teaching-learning process will be transferred to the faculty from other institutions through faculty recharge programmes.

c) Research:	
YEAR 1	• The college organizes the basic infrastructure for housing the common instrumentation centre • The faculty from relevant departments make optimum utility of the centre to bring out maximum research outputs
YEAR 2	• The best performing humanities departments are facilitated to undertake training and research with the infrastructure made available in the humanities research laboratory • The students get exposed and trained in specific research soft-wares in the laboratory
YEAR 3	• Subscription to e-journals increases the research and publication ambience for the faculty and research scholars • The best performing departments conduct training programmes to on and off-campus faculty and scholars in research related activities.
d) Extension:	
YEAR 1	• The surrounding rural schools will be linked in the school-college network • The learning resources available in the college will be extended to the school students
YEAR 2	• School students will be motivated to pursue higher education • Farmers in the neighbourhood villages will get technical assistance in farm practices • Farmers' skill and knowledge will be updated to become effective entrepreneurs.

YEAR 3	• Students will organize campaigns in the surrounding villages to propagate the negative impacts of female infanticide in rural communities. • The women in villages become aware of the evil effects of female infanticide and plan out strategies to eradicate the practice of female infanticide and female feticide.
e) Any Other:	
YEAR 1	• The college undertakes a Green Audit on the campus and surrounding villages with the help of professionals. • Efforts are undertaken to install bio-energy and solar energy units to make the campus as green energy campus
YEAR 2	• The waste water and other organic waste materials on the campus will get treated and made into reusable materials.
YEAR 3	• The RFID system will increase the effective functioning of the library operations. • The content management system will assist the research scholars and the students to access information at a faster rate than the conventional mode

ANNEXURE – C2

EXPECTED OUTCOME / OUTPUT
• **Teaching (UG):** ✓ Fresh learning ambience on the campus and self-directed learning among the rural students focusing towards vertical mobility ✓ Effective ICT infrastructure in order to promote learning efficiency
• **Teaching (PG)** ✓ Increased institutional collaborations for research, publications, training and placements ✓ Campus become centre for Faculty Development Programmes
• **Research:** ✓ College environment is fully equipped with research facilities such as: Instrumentation and Testing Centre, access to e-journals, soft-ware packages for research and analysis, etc.
• **Extension:** ✓ College facilitates the rural feeder schools to train the pupils and motivate them for vertical mobility through sharing the available resources ✓ The people in the surrounding villages get knowledge support for their economic and social development
• **Any Other:** ✓ Environmental models developed on the campus become reference points to the students and also other stakeholders ✓ Increased conscience on environmental protection and waste management ✓ Library facilities are optimized to increase the learning efficiency of students

CERTIFICATE

This is to certify that the above Action Plan & Budget has been proposed by the college after consulting the major stakeholders, in particular, the teaching faculty, as per the UGC XII Plan Guidelines for CPE/CE. The college hereby undertakes to adhere to the approved Action Plan and to take all the necessary steps for meeting the targets envisaged to achieve excellence as proposed.

ADDITIONAL INFORMATION

TRANSPARENCY IN STUDENT ADMISSIONS

- Arul Anandar College adopts a transparent and non-discriminative process in student admission to various courses through an Admission Committee.
- Presence of a Dalit Faculty representative (SC/ST) is made mandatory in the students admission committee
- One Woman Faculty representative in the students admission committee also ensures gender equity and justice in admission process
- The rank and selection list are displayed on the College Notice Board.
- The members of the staff facilitate the students in selecting the academic programme according to their areas of interest.
- Principal meets the students along with their parents/guardians during admission

OUTCOME OF JESUIT ADMISSION POLICY

- The admission process is guided by the overall Jesuit policy of “Preferential option for the Poor”.
- A sizeable proportion of the students admitted belong to the socially and economically disadvantaged sections of the society. (as of 2014, SC&ST constitute 28% and OBC 72%)
- Priority is given to the girl students from the local area (as of 2014, girl students constitute 35% of the total strength) aiming at preventing female infanticide.
- Social and Economic background of a majority of the students is quite visible from the number of government scholarship holders both from aided and self-finance stream and also a significant percentage of students come under the annual family income bracket less than Rs.25000/-.

CONSISTENT ACADEMIC IMPROVEMENT

Being sensitive to the emerging needs of youth in the contemporary global scenario, the college consistently introduces relevant academic programmes for the benefits of rural families in the neighbourhood villages.

Abstract

Aided Colleges - Opening of new Arts Colleges under Private Management in 1970-71 - Admission to aid from State Funds - Orders issued.

EDUCATION DEPARTMENT

G.O.MS.NO.450. Dated: 23rd March, 1971.
Read:

From the D.C.E. Lr.No. Rc.15992/S2/70, dt. 31.10.70.

ORDER:

The Government approve the opening of the 15 colleges mentioned in the Annexure to this order, for the purpose of sanction of grant-in-aid by the Director of Collegiate Education from State Funds, from the year 1970-71, subject to the following conditions:--

(a) Fee compensation grant will be paid at the rate of Rs.50/- or the actual rate levied or prescribed by the College, per term whichever is less, in respect of students, who are eligible for free Education in P.U.C.

(b) The various conditions specified in the Grant-in-aid Code and the conditions relating to reservation of seats for the students belonging to Scheduled Castes, Scheduled Tribes and educationally and socially Backward Classes, grant of fee concessions etc., should be complied with.

(c) The rules and executive orders issued by the Government or the Director of Collegiate Education, from time to time, in regard to levy of tuition fees, special fees and other matters should be strictly followed.

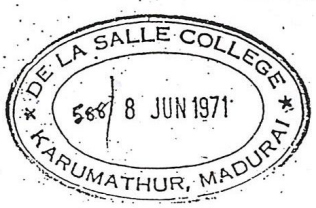

(d) The teaching staff should be paid at the revised scales of pay recommended by the University Grants Commission and subsequently revised by the State Government, consequent on the adoption of the recommendations of the Second Pay Commission in respect of the teaching staff in Government Colleges and extended to the teaching staff of aided colleges and agreements should be executed by the management with the staff, accordingly.

(e) The Teachers' Provident Fund should be introduced in respect of all the members of the staff of the college, who are eligible for admission to such Fund.

(f) The Orders authorising the payment of fee compensation grant in respect of P.U.C. students do not entitle them, as a matter of right, to claim admission for aid. No College will be admitted for aid until and unless the following conditions and such other conditions, as have been imposed by the Universities for the continuance of affiliation of the colleges are satisfied:--

(i) Grant will be NOT be assessed in respect of such of the members of the teaching staff, as are handling the subjects or

MADURAI KAMARAJ UNIVERSITY

Rc.No:CD.3/Autonomus/87-88

PALKALAINAGAR,
MADURAI-625021
DATE: 18 JUN 1987

MAJOR P.P.CHINNADURAI
REGISTRAR.

To

The Secretary,
Arul Anandar College,
Karumathur.

Sir/Madam,

Sub: Arul Anandar College, Karumathur Declaration, Recognition and Conferment of the status of autonomy-regarding.

Ref: Your letter No: nil/Proposal for conferment of autonomy /dated

....

I am, by direction, to inform you that the Syndicate has been pleased to consider the application received from your college for conferment of status of autonomy on Arul Anandar college and decided to confer the autonomous status on Arul Anandar college, subject to the following terms and conditions and such other conditions as may be imposed by the Syndicate from time to time.

1. The College is hereby conferred the status of autonomy for a period of five years at the first instance commencing from the academic year 1987-88 subject to satisfactory reports, being received at the end of Second year, Fourth year and Fifth year.

2. The College shall offer instructions in B.A/B.Sc/B.Com/ M.A/M.Sc/M.Com and such courses as may be offered from time to time with the permission of the University under autonomous status.

90

3. The College shall have autonomy in the matter of:

i) Framing syllabus and course contents adopting the University general pattern. The course contents and pattern should be framed in such a manner so as to avoid the existing staff being rendered as surplus for redeployment.

ii) Arranging for instruction to students.

iii) Devising methods of evaluation, examinations and texts pertaining to the award of the degree/diploma by the University, and

iv) admission of students, in respect of courses of studies for which "autonomy" is conferred.

4. The College shall have power to make rules or by-laws not inconsistent with the Madurai University Act 1965 and the Madurai Kamaraj University (Amendment) Act 1978 and the laws framed thereunder for the purposes of securing the objectives for conferring the status of autonomy to the college.

5. The College shall set up Boards of Studies in the subjects concerned and an Academic Council.

6. The Board of Studies set up by the College shall have external experts including an expert from the University. It should consist of:

24.08.2013

Dear Sir,

Sub: Academic MoU between Arul Anandar College and Aachi Masala

The Food Science & Technology department was started in Arul Anandar College in the academic year 2012-13. It is a UGC sponsored innovative programme.

The department is offering a three year degree programme in Food Science & Technology. The curriculum includes Food Science, Food Processing, Food Preservation and other areas like Microbiology, Mathematical Statistics and Computer Education. Apart from class room learning, the success of the program depends highly on the involvement of the various Food Processing Units. Industrial visits are part of the academic program.

In this regard, we deem it as a privilege to have an academic tie-up between Arul Anandar College and your esteemed company, Aachi Masala in the following aspects.

1. To have an expert from Aachi Masala in the Board of Studies in Food Science & Technology, Arul Anandar College, to give expert opinion and help in designing the curriculum of the department.
2. Permitting the students of Food Science & Technology to undertake an industrial visit to Aachi Masala, so that they gain on the spot knowledge on Food Processing Technology.
3. Helping the final year students of the department of Food Science & Technology to undergo short internship training at Aachi Masala Company.
4. Inviting Aachi Masala to Arul Anandar College for on campus placement.

Kindly consider our request to work out for a Memorandum of Understanding.

Thanking you,
