A noted educationist and revered mentor of the Group, Prof. Bahl played a pivotal role in shaping the education landscape of the country. Throughout his lifetime he influenced several lives with his ideas. A strong, loveable, calm and optimistic and attentive personality, For he was always keen to acquire new knowledge and strived to make things better in the education sector.

MESSAGES

S. Nirmal Singh Rayat
President
Rayat - Bahra Group

Known across the world over as one of the most renowned educational groups in India, the Rayat - Bahra Group is constantly raising the bar in research and teaching capabilities. No wonder, it is relentlessly ranked among the top educational groups in India in various rankings of educational institutions.

The Group has adopted a multi-disciplinary approach wherein every campus has streams like Engineering, Business Administration, Law, Health, Hospitality, etc. With curriculum devised to enable

students to equip themselves with advanced knowledge and practical problem-solving skills, and develop the right attitude to succeed in a highly competitive work environment, the Group has been continuously placing a large number of students in blue chip companies for the last several years.

I welcome all of you and hope that you'll make the most of the program and prepare yourself to meet tomorrow's opportunities and challenges.

S. Gurvinder Singh Bahra
Chairman
Rayat-Bahra Group

There can't be a better time than this to lead an educational institution like the Rayat - Bahra Group.

Being counted as one of the national leaders in teaching and research, and bringing a host of tangible benefits to the community, the Rayat - Bahra Group is getting stronger with each passing day, and is all set to meet tomorrow's challenges with ease.

We are delighted to advance the Rayat - Bahra mission, and are constantly involved in engaging the public in many of the vital academic programs at our campuses. Moreover, we secure and steward private support to the group so that it can keep on achieving its objectives year after year.

We believe that our investment in higher education today will go a long way in building the economic, political and cultural health of our state in the times to come.

Today, the world is envious of what we have achieved in the last decade, and I am sure that the higher education system that we've developed over all these years will result in a better future for our coming generations. The credit for this goes to dedication and hard work of the Board of Directors, faculty members and thousands of our friends and supporters who have contributed in their own ways towards the growth of the Group.

While, we have realized a lot of goals, there's a lot of work that needs to be done. Together, we have to make higher education adaptive to the requirements of the dynamic world we live in today. I exhort you to join us in this bold initiative. Invest in Rayat-Bahra Group today!
